

## Diesel HPU by Blakemere

### THE TOOL

Blakemere’s HPU is a skid mounted, diesel powered unit designed for use in the offshore oil and gas industry. It supply’s hydraulic flow of up to 120 lpm @ 2750 psi. Please find specification sheet appended in Appendix A for more details

### THE FEATURES & BENEFITS

- Diesel Driven
- Dedicated lift rigging
- Quick-disconnect hydraulic couplers
- Skid frame includes forklift pockets and sea-fastening points

Technical Specification	
Dimensions	1.85 m long x 1.4m wide x 1.36 m high
Weight	1500 kg
Maximum pressure and flow	120 lpm @ 2750 psi
Hydraulic oil reservoir capacity	180 Litres
Diesel fuel tank capacity	125 Litres
